Subjects

Acute care nurse practitioners

An acute care nurse practitioner model of care for neurosurgical patients [Yeager] Dec:47

Advanced directives

Advance directives and end-of-life decision making: survey of critical care nurses' knowledge, attitude, and experience [Scherer] Aug:30

Airway obstruction

Congenital tracheal stenosis [Phipps] Jun:60

American Association of Critical-Care Nurses

Dialogue and discourse are we having the right conversations? [Triola] Feb:60
Extending the Synergy Model to preceptorship: a preliminary proposal [Alspach] Apr:10
Using the Synergy Model to provide spiritual nursing care in critical care settings [Smith] Aug:41

Amiodarone

Use of amiodarone to prevent atrial

fibrillation after cardiac surgery [Brantman] Feb:48

Amiodarone-induced thyroid dysfunction [Porsche] Jun:34

Angioplasty, transluminal, percutaneous coronary

Decreasing vascular complications after percutaneous coronary interventions: partnering to improve outcomes [Lins] Dec:38

Anticoagulants

Heparin-induced thrombocytopenia: advances in diagnosis and treatment [Cooney] Dec:30

Apitherapy

Africanized killer bees: a case study [Mitchell] Jun:23

Atrial fibrillation

Use of amiodarone to prevent atrial fibrillation after cardiac surgery [Brantman] Feb:48

Brain death

Brain death in infants and children [Ashwal] Apr:117

Cardiopulmonary resuscitation

2005 AHA Guidelines for CPR and ECG: new, but improved? [Alspach] Feb:8
Teaching cardiopulmonary resuscitation via the Web [Peterson] Jun:55

Catheter ablation

Mapping ventricular tachycardia [Zak] Oct:13

Certification

Certification: a benchmark for critical care nursing excellence [Briggs] Dec:57

Coronary artery bypass

Paraplegia after coronary artery

bypass graft surgery: case report of a rare event [Scherr] Oct:34

Critical care nursing

Chronic kidney disease: acute manifestations and role of critical care nurses [Broschius] Aug:17

Follow-up survey 10 years later: use of the Basic Knowledge Assessment Tools (BKATs) for critical care nursing and effects on staff nurses [Toth] Aug:49

Memory aide to reduce the incidence of ventilator-associated pneumonia [Hilinski] Oct:80

Update on stress ulcer prophylaxis in critically ill patients [Spirt] Feb:18
Certification: a benchmark for critical care nursing excellence [Briggs] Dec:57

Death, sudden, cardiac

Maximizing organ donation opportunities through donation after cardiac death [Edwards] Apr:101

Decision making, family

End-of-life decision making, organ donation, and critical care nurses [Daly] Apr:78

Advance directives and end-of-life decision making: survey of critical care nurses' knowledge, attitude, and experience [Scherer] Aug:30
A study of the presumptive approach to consent for organ donation: a new solution to an old problem [Zink] Apr:129

Early intervention

Forming a partnership to save lives [Rankin] Aug:68

Electrocardiography

2005 AHA Guidelines for CPR and ECG: new, but improved? [Alspach] Feb:8

Family centered care

Ownership in the intensive care unit [Bice-Stephens] Aug:10

The patient-family advisory council: keeping a pulse on our customers [Halm] Oct:58

Heart failure, congestive

Nesiritide: the latest drug for treating heart failure [Fontana] Feb:39

Heart surgery

Use of amiodarone to prevent atrial fibrillation after cardiac surgery [Brantman] Feb:48

Cardiac surgery in elderly patients: strategies to optimize outcomes [Rosenborough] Oct:24

Heparin

Heparin-induced thrombocytopenia: advances in diagnosis and treatment [Cooney] Dec:30

Immunosuppression

Caring for transplant recipients in a nontransplant setting [Hoffman] Apr:53

Intensive care units

Ownership in the intensive care unit [Bice-Stephens] Aug:10

Student reference packet for the intensive care unit rotation [Capik] Apr:148

Internet

Teaching cardiopulmonary resuscitation via the Web [Peterson] Jun:55

Kidney diseases

Chronic kidney disease: acute manifestations and role of critical care nurses [Broschius] Aug:17

Mentorship

Welcoming new graduates: some lessons learned [Alspach] Jun:11

Mortality

Sharpen your prognostic acumen: try the destiny dozen [Alspach] Oct:8

Multidisciplinary care team

Development and implementation of a multidisciplinary sepsis protocol [Picard] Jun:43

Forming a partnership to save lives [Rankin] Aug:68

Natriuretic peptide, brain

Nesiritide: the latest drug for treating heart failure [Fontana] Feb:39

Neuroscience nursing

An acute care nurse practitioner model of care for neurosurgical patients [Yeager] Dec:47

New graduates

Welcoming new graduates: some lessons learned [Alspach] Jun:11

Recognizing accomplishments of new graduates in the neurologic ICU [Snow] Dec:80

Nursing practice, evidence-based

RN-driven, evidence-based practice [Gardner] Jun:80

Nurses' use and understanding of evidence-based practice: some preliminary evidence [Alspach] Dec:11

Organ procurement

Organ Donation Breakthrough Collaborative [Tamburri] Apr:20

Organ Donation Breakthrough Collaborative: increasing organ donation through system redesign [Shafer] Apr:33

End-of-life decision making, organ donation, and critical care nurses [Daly] Apr:78

Timely referral of potential organ donors [Ehrle] Apr:88

Intensive management of organ

donors to maximize transplantation [O'Connor] Apr:94

Maximizing organ donation opportunities through donation after cardiac death [Edwards] Apr:101

The role of critical care nurses in the A study of the presumptive approach to consent for organ donation: a new solution to an old problem [Zink] Apr:129

Paraplegia

Paraplegia after coronary artery bypass graft surgery: case report of a rare event [Scherr] Oct:34

Partial thromboplastin time

Use of peripheral venous access devices for obtaining blood samples for measurement of activated partial thromboplastin times [Prue-Owens] Feb:30

Patient assessment

Sharpen your prognostic acumen: try the destiny dozen [Alspach] Oct:8

Patient-family conferences

The patient-family advisory council: keeping a pulse on our customers [Halm] Oct:58

Pediatric nursing

Brain death in infants and children [Ashwal] Apr:117

Peptic ulcer

Update on stress ulcer prophylaxis in critically ill patients [Spirt] Feb:18

Pneumonia, ventilator-associated

Memory aide to reduce the incidence of ventilator-associated pneumonia [Hilinski] Oct:80

Postoperative complications

Decreasing vascular complications after percutaneous coronary inter-

ventions: partnering to improve outcomes [Lins] Dec:38

Preceptorship

Extending the Synergy Model to preceptorship: a preliminary proposal [Alspach] Apr:10

Research, nursing

Nurses' use and understanding of evidence-based practice: some preliminary evidence [Alspach] Dec:11

Sepsis

Development and implementation of a multidisciplinary sepsis protocol [Picard] Jun:43

Role of exogenous arginine vasopressin in the management of catecholamine-refractory septic shock [Lee] Dec:17

Shock, septic

Role of exogenous arginine vasopressin in the management of catecholamine-refractory septic shock [Lee] Dec:17

Spiritual support

Using the Synergy Model to provide spiritual nursing care in critical care settings [Smith] Aug:41

Students, nursing

Student reference packet for the intensive care unit rotation [Capik] Apr:148

Synergy model

Extending the Synergy Model to preceptorship: a preliminary proposal [Alspach] Apr:10

Using the Synergy Model to provide spiritual nursing care in critical care settings [Smith] Aug:41

Tachycardia, ventricular

Mapping ventricular tachycardia [Zak] Oct:13

Thyroid diseases

Amiodarone-induced thyroid dysfunction [Porsche] Jun:34

Tracheal diseases

Congenital tracheal stenosis [Phipps] Jun:60

Transplant donors

Timely referral of potential organ donors [Ehrie] Apr:88

Transplant recipients

Caring for transplant recipients in a nontransplant setting [Hoffman] Apr:53

Transportation of patients

Ground critical care transport: a lifesaving intervention [Johnson] Feb:80

Thrombocytopenia

Heparin-induced thrombocytopenia: advances in diagnosis and treatment [Cooney] Dec:30

Toxins

Africanized killer bees: a case study [Mitchell] Jun:23

Vascular access devices

Use of peripheral venous access devices for obtaining blood samples for measurement of activated partial thromboplastin times [Prue-Owens] Feb:30

Vasopressins

Role of exogenous arginine vasopressin in the management of catecholamine-refractory septic shock [Lee] Dec:17

Work environment

Dialogue and discourse are we having the right conversations? [Triola] Feb:60

Critical care nurses' work environments: a baseline status report [Ulrich] Oct:46

Ask the Experts

Continued from page 66

focus on treatment options for IPF.¹³ Hopefully, more successful therapies will be discovered for this devastating disease.
